Our Dental Insurance Policy

In an effort to make your dental visit as convenient as possible, we will be happy to fill out and submit your dental insurance claim for you. This will be provided free of charge.

While we make every attempt to handle the insurance issues efficiently, it is the responsibility of the patient to provide us with correct insurance information. Since there are large numbers of insurance companies and hundreds of different insurance plans, there are sometimes conflicts and misunderstandings.

- You will be given an estimate of the cost of proposed dental treatment and the amount the insurance pays along with the amount you pay.
- This is only an estimate. The amount you pay may actually be higher or lower.

The patient is responsible for payment, not the insurance company. If for some reason your insurance company does not pay within 90 days the estimated amount, then you, the patient, are responsible for payment. If you have overpaid, we will issue a refund.
